01

PRODUCT OVERVIEW & APPLICATIONS

White Grape Juice Concentrate is a concentrated fruit ingredient produced by removing a controlled amount of water from carefully selected grape juice. This process increases the natural soluble solids, sweetness, flavor and color while reducing the volume required for industrial storage and transportation.

Suitable for bulk B2B supply for beverage and food manufacturing. Commercial products are commonly available at approximately 65–68° Brix and may be supplied as clear concentrate with batch-specific technical documentation and export support.

PRODUCT SUMMARY

-  Produced from selected white grape juice
-  65–68° Brix
-  Clear concentrate
-  TDS / COA available
-  Bulk B2B supply

APPLICATIONS

-  Fruit Juices
-  Nectars
-  Still & Carbonated Beverages
-  Dairy Products
-  Bakery & Confectionery
-  Jams, Jellies & Sauces

ORGANOLEPTIC

Aroma	Mild characteristic aroma of white grape
Taste	Natural sweetness with mild grape flavor

PACKING & STORING

-  Packed in multilayer aseptic bags inside food-grade steel drums
-  Storage temperature confirmed according to specification
-  Shelf life and loading details confirmed before order approval

TECHNICAL SPECIFICATIONS

1. PHYSICAL & CHEMICAL ANALYSIS

PARAMETER	SPECIFICATION
Brix at 20°C	65 – 68 °Bx
Titrateable Acidity (as Tartaric Acid)	0.5 – 2.0 % w/w
pH	2.8 – 4.4
Colour / Transmittance 420–430 nm	≥ 75 %T at approx. 16 °Bx
Clarity 625 nm	≥ 90 %T at approx. 16 °Bx
Turbidity	≤ 5 NTU at approx. 16 °Bx
HMF (Hydroxymethylfurfural)	≤ 20 mg/kg*
D/L-Lactic Acid	≤ 0.5 g/L
Pectin	Negative
Foreign Matter	Absent
Sulphur Dioxide (SO ₂)	≤ 50 mg/kg; SO ₂ -free grade typically ≤ 10 mg/kg

2. MICROBIOLOGICAL ANALYSIS

PARAMETER	SPECIFICATION
Total Plate Count (TPC)	≤ 1,000 CFU/g
Yeast	≤ 100 CFU/g*
Mold	≤ 100 CFU/g*
Coliforms	Not Detected
E. coli	Not Detected
Salmonella	Absent / 10 g
Heat-Resistant Mold Spores	Not Detected / 25 mL
Thermophilic Acidophilic Bacteria (TAB)	Absent / Negative

3. ADDITIONAL QUALITY & COMPLIANCE

PARAMETER	SPECIFICATION
Ochratoxin A	≤ 2.0 µg/kg after reconstitution
Pesticide Residues	Complies with applicable destination-market MRLs
Heavy Metals (Pb, As, etc.)	Complies with applicable destination-market regulations
GMO Status	Non-GMO / Available upon request
Documentation	TDS / COA Available

4. STORAGE & SHELF LIFE

Storage Temperature: Confirm according to approved specification

Shelf Life / Loading Details: Confirm before order approval

Ingredient: White Grape Juice Concentrate

* The above values represent typical commercial specifications for White Grape Juice Concentrate. Final values may vary depending on grape variety, origin, crop, concentration grade, production batch and customer requirements. Actual analytical values are confirmed by the corresponding Certificate of Analysis (COA).

QUALITY, PACKAGING & CONTACT

LABELING INFORMATION

Batch No	:
Drum No	:
Production Date	:
Expiry Date	:
Crop Year	:
Net Weight	:
Ingredients	: White Grape Juice Concentrate
Brix at 20°C (gr/100gr)	: Min 70 ± 1

PACKAGING

-  Filled in Aseptic bags in 200 Liter (265kg ± 2) Metal drums
-  Best Storage Condition: 0 - 5 °C

STANDARDS & CERTIFICATES

WHY CHOOSE JUICERFO

-  Consistent product specifications
-  Flexible packaging solutions
-  Carefully selected fruit raw materials
-  Export-ready documentation
-  Reliable global B2B supply

Juicerfo supplies premium fruit concentrates and purees for food and beverage manufacturers worldwide.
